THE CREW OF THE CRESCENT MOON

We are the crew of the Crescent Moon
We are the crew of the Crescent Moon

VERSE

Pirates of the sea
Looking for treasure
We're brave, we're free
We choose who to be

Sailing through the dark
We get what we want
We cross the waves
And stormy seas

CHORUS

We are the crew of the Crescent Moon
We are the crew of the Crescent Moon
On every sea and every wave
We fight, we fight
We are brave

VERSE

Pirates of the sea
Looking for treasure
We're brave, we're free
We choose who to be

Sailing through the dark
We get what we want
We cross the waves
And stormy seas

ATLANTIS

VERSE

Long ago, in the deep blue sea
There was a land of mystery
Golden walls, shining bright
Full of power, full of light
They had it all, they ruled the waves
Strong and fearless, wild and brave

CHORUS

Atlantis, lost in the sea
Atlantis, lost in the deep
Atlantis, lost in my mind
Living in hope, lost in time
Calling my name
Waiting in shadows, burning in flame
Atlantis, lost in the sea
Buried in time, a hidden dream

VERSE

Poseidon watched from the deep
Saw the greed in you and me
In one dark night, in one last day
He sent the waves to wash it away
The ocean rose, the city fell
A shining world... turned to hell

CHORUS

Deep below, there's still a light
Hidden from human eyes
A secret stone, a burning flame
The Heart of Atlantis still remains

Clean, clean, clean, I love to clean

VERSE

I clean the floor, I clean the room,
I clean the stars, I clean the moon,
I clean everything I see,
that's the perfect life for me!

CHORUS

Clean, clean, clean, I love to clean
Clean, clean, clean, I love to clean

CHORUS

No matter what you think,
I'm a cleaner and I'm free!
Clean, clean, clean, I love to clean
Clean, clean, clean, I love to clean
